Side and rear walls are common to adjacent property. Seller reserves the right to utilize existing/adjacent walls to enclose above areas. Block walls and tubular steel gate are intended to provide a defined rear yard area, but are not intended to provide complete privacy, security, or protection.
- D Side yard concrete block walls will be constructed approximately 5' from the rear of the house.
- E Gate shall be constructed of tubular steel, painted black.

**EXCEPTIONS**

- A Features shown on the blueprint or rendering may be different from the features listed and included in this addendum. Should any discrepancy exist, this addendum will override the prints and rendering as the home is priced based on the features listed herein.
- B All features and materials listed in this addendum will be supplied from Seller's vendor at Seller's sole discretion.
- C Model and inventory homes may reflect upgraded features not included in this addendum.
- D In all instances, any substitution of method or product will have equal or better quality than that shown in our other homes. Since such substitutions or changes may become necessary due to matters outside of our control, we reserve the right to make them without notification or buyer approval.
- E Upon completion of color appointment, color changes will not be permitted.
